This Agreement incorporates all details (including services, pricing, and terms) outlined in your previously provided quote **QT 1076**. If there is any discrepancy between the Agreement and the quote, the more recently dated document will prevail.

Move with Confidence, Backed by Our Expertise

Moving bulky furniture, delicate instruments, or industrial equipment doesn't have to be stressful. With our skilled team, specialized handling techniques, and transparent pricing, you can rest assured that every item, from pianos to hot tubs and beyond, is in safe hands. Book your heavy or specialized move today and discover why countless clients trust us for all their relocation needs. We're dedicated to delivering friendly, professional service at every step, ensuring your total satisfaction from start to finish.

TRANSPORT HANDLING CHARGES

1 Truck with 3 Professional Movers

Hourly Rate +tax $275.00

Dedicated Movers for Your Move (3 hours minimum)

✨ Skilled Three-Person Team with a 30ft truck – Careful and efficient moving.
Committed to Your Satisfaction – Reliable and stress-free service.

Transport

Flat Rate (+tax) $375.00

Reliable, careful, and efficient transportation of your belongings

Covers fuel, vehicle wear & tear, depreciation, and related expenses to safely and efficiently transport your belongings.

Commercial Kitchen Equipment & Heavy Object Handling

Flat Rate (+tax) $1,475.00

Heavy Object Handling

Professional handling and transportation of commercial kitchen equipment and other heavy items requiring specialized tools, techniques, or additional resources to ensure safe delivery.

Agreement & Pricing Acknowledgment

Understanding the Rates

I understand and agree that the pricing information in the table does not represent a guaranteed final total, but rather indicates the hourly rate (unless otherwise specified) and any applicable flat fees. The final cost will be communicated before the bill is closed.

service@harmonymovers.com
www.HarmonyMovers.com
Phone: (514) 866-5550

Hourly Rate Default
Unless explicitly stated otherwise (e.g., for specific heavy/specialized items or small-volume moves), all rates shown are hourly.

Transport & Labour Charges
Flat-Rate Transport: Covers the truck traveling empty from our office to the origin and returning afterward.
Hourly Labour: Applies when the truck is loaded, covering loading at the origin, transit, and unloading at the destination.
Standalone Heavy-Item Handling Fee: If you are moving only a heavy or specialized item, a flat fee may cover both transport and labour for that item. However, if circumstances change (e.g., additional equipment or extra personnel become necessary), any additional fees will be communicated to you in advance.

☐ **I acknowledge** that the pricing table generally indicates a flat rate for transport (unless otherwise stated) and an hourly rate for moving labour. If a heavy-item handling fee is agreed upon for a standalone service, it normally includes transport and labour for that item. Should the situation require extra resources or specialized services, any further charges will be clearly explained and approved before proceeding.

The final cost, presented at the end of the move, will include all applicable fees (transport, heavy-item handling, extra charges, or hourly labour) as outlined in the contract. I confirm that all questions regarding pricing and services have been addressed by the office to my satisfaction.

Protection Plans

Everyone's belongings hold value, whether monetary or sentimental. While our movers handle items with care, damages can still occur. **Valuation coverage** protects your goods during the move. Movers are **not** responsible for high-value items (e.g., artwork) unless declared. Some fragile items, like **fiberboard furniture**, are not designed to be moved and may require a liability waiver. However, coverage options are available for added protection.

These options are:

Basic Protection

1. Basic Coverage – $0.60 per pound, per item

*This basic coverage is **automatically included** at no additional cost. It provides reimbursement for any lost or damaged item, calculated at $0.60 multiplied by its weight (e.g., a 100-pound item would be reimbursed at $60), regardless of its actual value.*

Premium Protection (Optional)

2. Actual Cash Value (ACV) Protection

*This option allows reimbursement based on the actual cash value of the items at the time of damage (taking depreciation into account), up to the total amount you declare. The cost of this protection is **1.75$ per 100$ declared + tx.***

Please select one of those options

Our employees take the utmost care when handling your belongings and go the extra mile to protect your items. However, moving is manual labour and can involve extremely difficult situations at times. Accidents can happen. Make sure you have considered your options prior to the move and select an option that you will be satisfied with should an accident occur.

COVERAGE	Declared Value ($)	Tax (%)	Total
☑ **BASIC PROTECTION (0.60$ PER POUND PER ARTICLE)** This level of coverage is provided at no additional charge.	0	-	$0.00
☐ **PREMIUM PROTECTION Actual Cash Value (ACV)** ACV coverage is 1.75$ per 100$ declared + tx	0	14.975%	$0.00

⚠ Maximum Coverage Limit

The maximum coverage per load is 75,000$. If the total declared value of your belongings exceeds this amount, you must inform us in advance so that we can arrange appropriate additional coverage.

Liability Coverage

Our company's liability coverage is capped at **3,000,000$.**

Important: The protections described above represent the full extent of our liability as a moving service provider. They do not replace personal insurance. We strongly recommend checking with your insurer to ensure you have adequate coverage to protect your belongings during the move.

Phone: (514) 866-5550

Terms & Conditions

The terms, conditions and liability waivers outlined in this document are meant to provide our clients with as much information as possible for their protection, as well as the protection of Harmony Movers. Each service is unique, and it is not possible to outline every scenario that may arise. If you have any specific questions about your service, please discuss with your moving advisor or call our office for clarification.

1. **Minimum Hours**
   - **Mandatory 3-Hour Minimum**
     It covers the basic labour needed to load and unload, plus the essential travel to and from our operations center. Moreover, we adhere to the *Act Respecting Labour Standards*, specifically section 58, which states that an employee who reports for work at their employer's request must be paid for at least 3 consecutive hours at the prevailing hourly rate (unless force majeure applies).

     Consequently, our billing structure for local moves requires a minimum of 3 hours of labour, even if the actual labour is under 3 hours.

   - **What If the Move Takes Longer?**
     Once the 3-hour minimum is met, any additional hours are billed in accordance with our standard hourly rate plus any extra charges outlined in the contract.

   - **Potential Variations**
     Actual costs may vary based on the number of movers, additional services, and factors such as regional differences or unforeseen circumstances (e.g., traffic delays).

2. **Hourly Rate**
   - **Breakdown of the Rate**
     Labour Hours: Time actively spent loading, driving with the truck loaded, and unloading. Billing for labour starts the moment our movers arrive at your origin address and ends after our movers have completely unloaded the truck and you've performed a final inspection at the destination.

     Transport (Travel) Time: A separate charge, typically a flat rate or as per your contract. This covers the truck traveling empty from our operations center to your first address and back once the move is finished.

   - ✓**What the Labour Hourly Rate Includes**
     Labour: The work performed by our movers (loading, transporting, unloading).
     Basic Equipment: Standard dollies, moving blankets, straps, and similar necessary tools.
     Basic Protective Materials: Standard padding or protective wraps used to safeguard items during transit.

   - ✖**What the Labour Hourly Rate Excludes (unless otherwise stated)**
     Packing Services: Labour for wrapping or boxing your items.
     Packing Materials: Boxes, tape, bubble wrap or any other consumables.
     Unboxing: Removal of items from boxes at the destination.

3. **Heavy & Specialized Item Transport**
   - In addition to our standard moving services, we offer specialized transport for heavy or unique items (e.g., pianos, safes, industrial machinery, pool tables, hot tubs, etc.). Depending on your needs:
     - **Heavy Item + Standard Move**
       - The 3-hour minimum still applies to the overall move.
       - A separate flat fee or additional charge may be applied for the heavy or specialized item, as outlined in your quote/contract (e.g., if extra movers or specialized equipment is required).

     - **Heavy Item-Only Transport**
       - If you are only moving a heavy, few pieces of furniture or specialized item your contract might list a flat-fee that normally covers the entire service, including the transport and labour. Should the situation require extra resources or specialized services, any further charges will be clearly explained and approved before proceeding.

4. **Administrative Fee, Cancellations & Rescheduling**
   - **Administrative Fee (CAD 25$) – Non-Refundable**
     - Collected upon booking to cover logistical/administrative tasks such as file creation, schedule coordination & resource assignment
     - This fee is not a deposit or prepayment toward future moving costs and remains non-refundable

   - **Cancellation Over 72 Hours Before Move**
     - No additional charges

   - **Cancellation Less Than 24 Hours Before Move**
     - If you cancel on short notice and we have already assigned or dispatched personnel, we may charge you actual costs that cannot be recovered elsewhere. Typically, this corresponds to 1 hour of labour or the equivalent portion of any fixed-price arrangement (e.g. number of movers required for a fixed-price heavy item-only transport)

5. **Rescheduling**
   - We will do our best to accommodate a new date, subject to availability. If the preferred date is not open, we propose the nearest possible option.

Q.L.

service@harmonymovers.com
www.HarmonyMovers.com
Phone: (514) 866-5550

Terms & Conditions (continued)

6. ⚠**No Unauthorized Services**
   - Clients must refrain from asking our movers to perform additional services (e.g., plumbing, electrical work) without first contacting our office at (514) 866-5550. Please be advised that failure to fulfil any contractual obligation may be considered a breach of contract, potentially affecting your liability insurance and our ability to serve you.

7. **Payment**
   - Payment is due upon completion of the move. Acceptable payment methods are credit card, direct debit, certified cheques, e-transfer, cash. Personal cheques are not allowed.

8. **High-Value & Fragile Items**
   - **Declaration of Actual Value:** If you have items of high monetary or sentimental value (e.g., artwork, collectibles, specialized electronics), we strongly recommend declaring their true value and opting for enhanced coverage (Depreciated). Failure to declare such items may limit any compensation to the basic weight-based rate in the event of damage or loss.
   - **Fragile Items:** Items naturally prone to damage (e.g., glass, mirrors, fine art) may require special crating or protective measures. Where no mover negligence is shown, we cannot assume liability for damage stemming solely from inherent fragility or any pre-existing condition.
   - **Accuracy & Proof of Value:** Declarations must be accurate. If a claim arises, we may request receipts, appraisals, or other proof of purchase to confirm an item's declared value. If you cannot provide an original receipt, alternative documentation (e.g., credit card statements, professional appraisals) may be considered. False or inflated declarations can result in reduced or denied coverage, subject to applicable Québec law.

9. **Refrigerators & Freezers**
   - ⚠**Empty & Defrost** all fridges/freezers at least 48 hours before moving. Vertical freezers may remain loaded only if the trip involves no stairs and is local (under 50 km).

10. **Appliances (Water & Gas Lines)**
    - We do not handle the (dis)connection of plumbing or gas lines; this is the customer's responsibility.

11. **Water Shutoff Valves**
    - ⚠Ensuring water/gas lines are disconnected or turned off is the client's duty. We do not assume liability for related leaks/damages

12. **Firearm Safes**
    - We can move gun safes weighing up to 1,500 lbs for an additional fee. If not declared beforehand, we reserve the right to refuse or require a waiver of liability. Moreover, we do not transport firearms or ammunition. All safes must be emptied of these items prior to moving.

13. **Pool Tables**
    - We can transport, disassemble, and reassemble pool tables for an additional fee.
    - ⚠We cannot guarantee that the felt (often referred to as "carpet") will remain reusable after the move. If the felt is worn or damaged, replacement may be required.
    - Liability: Except in cases of direct negligence, we do not cover structural issues stemming from improper third-party assembly/disassembly

14. **Grandfather clocks**
    - Unless you opt for our packing services, removing the pendulum and securing internal components is your responsibility.
    - We recommend a professional check or tune-up after delivery. We are not responsible for internal mechanical performance, unless due to our proven negligence.

15. **Flat-Screen & High-Tech TVs (QLED, OLED, Plasma and Similar Technologies)**
    - **Box Requirement**
      All TVs must be transported in protective boxes, either provided by the customer or supplied by us for an additional fee.
    - **No Unboxed Transport**
      We will not move TVs without any box. We ask that clients do not request our movers to proceed unboxed. If a client insists and the mover proceeds without our written consent, any damage incurred will be the client's sole responsibility.

16. **Electronics**
    - Unless you've purchased packing services, please disconnect/pack cords and cables for computers, TVs, etc.
    - We do not guarantee post-move functionality of electronics unless damage is caused by a demonstrable mover error (e.g., dropping).

17. **Furniture Drawers & Contents**
    - We recommend emptying all drawers, especially heavier/bulky items. Light clothing in small dressers may be left in place.
    - We assume no liability for items left in drawers or for overloading damage unless caused by clear negligence on our part.

18. **Retention of goods**
    - If full payment is not remitted, Harmony Movers reserves the right to lawfully retain goods pending full settlement, in accordance with Québec civil law.

Q.L.

service@harmonymovers.com
www.HarmonyMovers.com
Phone: (514) 866-5550

Terms & Conditions (continued)

19. **Goods inspection**
    - **Inspection & Refusal Rights**
      We reserve the right to inspect items prior to loading and refuse transport if we determine any health, safety, or contamination risk (e.g., bedbugs, severe infestation).

      If a client refuses the inspection process, we may decline to move those articles.

    - **⚠Disclosure & Additional Fees**
      Clients must inform us in advance of any known infestation or contamination.

      If we discover bedbugs or other infestations that were not disclosed, we may assess a cleaning or disinfection fee.

      In such instances, we may still bill the mandatory 3-hour minimum in addition to any cleaning or disinfection fees, even if the move is cancelled or partially completed due to the discovered condition.

20. **Assembly Service**
    - Upon request, we may disassemble/assemble certain furniture requiring basic tools. We are not liable for damage from repeated assembly unless proven negligence by our movers.
    - Fragile or worn furniture may require a signed waiver.

21. **Claims & Notification**
    - We strongly encourage clients to inform us in writing of any damage or loss as soon as possible, ideally within 10 days of delivery. Prompt reporting helps us investigate and resolve claims more efficiently.
    - If more than 10 days pass before you notify us, your claim is not automatically invalid. However, the passage of time may complicate our investigation, as conditions may have changed and evidence may be less clear. As a result, we cannot guarantee that late-reported claims will receive the same consideration or outcome as those reported in a timely manner.
    - Each claim - timely or otherwise -will be assessed in line with Québec law and your chosen coverage (e.g., Basic or Premium). Proven negligence by our movers is still covered, subject to the limits and conditions set out in these Terms & Conditions and applicable regulations.

22. **⚖Limitations of Liability**
    - **Exclusion for Non-Negligence:** We are not liable for damage resulting from inherent weaknesses or defects in items, or from inadequate or improper packing by the client (or anyone other than our professional packing service). If you choose not to use our packing services, you assume responsibility for ensuring your items are packed securely.
    - ⚠However, if damage stems directly from our movers' fault or negligence, we remain responsible per your chosen coverage.

23. **Pianos**
    - We can disassemble, pad, and move upright or grand pianos (including stairs), for an extra charge. Post-move piano tuning/inspection by a professional is recommended.
    - We do not cover internal mechanisms unless there is a clear incident of negligence (drop, major impact).

24. **Heavy Items (200lbs+)**
    - **Advance Assessment & Extra Fees**
      Items weighing 200 lbs or more (e.g., pianos, safes) generally require an advance assessment. Additional fees may apply for specialized equipment, extra movers, or non-standard handling arrangements.

    - **⚠Risky or Unreasonable Requests**
      If a client requests a particular path or method that we determine could damage walls, floors, or the item itself, we will inform the client of these risks.

    - **Written Authorization (Liability Acceptance)**
      If we agree to proceed against our recommendation, we will issue written authorization (via email or text from our main line). By providing written authorization, we assume liability only to the extent of the coverage selected by the client (e.g., Basic or Enhanced) and in accordance with applicable civil liability laws.

    - **No Written Authorization (No Liability)**
      If no written authorization is granted, or if the client proceeds despite our refusal, we disclaim all liability for any resulting damage.

    - **Refusal of Service**
      If, due to the severity of risk, we are unwilling to provide written authorization, we reserve the right to refuse that specific request or the entire move.

25. **Pressboard & Particleboard Furniture**
    Pressboard or particleboard furniture is inherently prone to structural weakness (e.g., splitting or collapsing). While we handle these items with care, we cannot guarantee their integrity and therefore disclaim liability for damage stemming solely from inherent fragility. However, if there is clear evidence of direct mover negligence (such as a major impact), the damage will be addressed in accordance with the coverage selected

26. **Traffic & Road Delays**
    Extra time incurred from traffic, road closures, or other uncontrollable factors is chargeable. We cannot guarantee no delays due to external conditions.

27. **Property Access**
    Client must ensure legal access to all locations (origin/destination). For multi-story buildings, the client must reserve elevators if needed.

Q.L.

service@harmonymovers.com
www.HarmonyMovers.com
Phone: (514) 866-5550

Terms & Conditions (end)

28. **Outdoor Risks**
If a client instructs our truck to drive on a potentially unsuitable surface (lawns, narrow sidewalks, etc.), Harmony Movers is not liable for landscaping or structural damage, unless it clearly results from a direct mover error absent the client's instruction.

29. **Gas-Powered Tools & Equipment**
- All fuel and oil must be fully drained prior to loading. Flammable or corrosive substances are **strictly prohibited**; we refuse to transport them under any circumstances. If a client fails to disclose the presence of these substances, we void any liability coverage for damages, reserve the right to refuse service, and may pursue legal remedies. The client is fully responsible for all costs or claims arising from undisclosed hazards.

30. **Plants, Flowerpots, Planters, and Barrels**
- **Water & Soil Preparation**
Plants: We can transport plants that have been drained of water for at least 72 hours before the move.
Containers: Removing or reducing soil is highly recommended to minimize weight and reduce the risk of breakage.

- **⚠No Condition Guarantee**
While we handle plants and planters with care, we cannot guarantee their condition upon arrival. Any special care required beyond standard handling should be arranged in advance.

  We are not liable for damage resulting from inherent cracks or overweight containers, unless there is clear mover negligence.

31. **Stone, Marble, Concrete, and Fragile Materials**
- Marble, granite, ceramic, terracotta, etc., may have unseen internal cracks. We cannot be held liable for breakage caused by these weaknesses, except in cases of mover negligence.

32. **Wall Fixtures & Accessories**
- **⚠Removal (Non-Electrical/Non-Plumbing)**
We can remove standard wall-mounted items such as TV brackets or shelves, provided they do not involve electrical or plumbing connections. However, we do not reinstall them after the move.

- **Client Responsibility**
If you prefer not to have us remove these items, please ensure they are taken down before our crew arrives. Any specialized removal (e.g., custom fixtures) should be arranged in advance.

33. **⚡Electrical & Plumbing Disconnects**
- **Direct Handling**
We cannot remove or install fixtures that require electrical or plumbing work (e.g., light fixtures, faucets, washing machines).

- **Advance Notice (Third-Party Service)**
If you need help with such items, please contact our office at least **72 hours** before the move. We can arrange a qualified third-party professional to handle the disconnect or removal.

- **Client Responsibility**
If you opt not to use our recommended third-party partner, you must secure a licensed professional to handle any electrical or plumbing work before the movers arrive.

34. **Aquariums & Animal Enclosures**
- We only move empty aquariums or terrariums. Large or fragile enclosures may require special crating. We do not transport live animals.

35. **Verification Policy (Walk-Through)**
- Our lead mover conducts multiple checks during loading and unloading. However, it is ultimately the customer's responsibility to confirm that no items are left behind at the origin or overlooked in the truck upon arrival at the destination. We recommend performing a final walk-through before the movers depart to ensure nothing is missed.

36. **Inventory**
- We generally do not complete a detailed inventory. You are welcome to request one for an additional hourly fee.

37. **⚠Safety**
- Our movers may refuse any task they deem unsafe, unreasonable, or likely to damage your property, the truck, or endanger personal safety. If a client conceals or fails to disclose known safety hazards to our office or movers, we reserve the right to charge the minimum labour hours plus the planned transport hours outlined in the contract and decline or discontinue the move.

38. **Client Transport**
- We are not obligated to transport the client in our vehicles. The client should arrange personal transportation. If a multi-passenger vehicle is available, we may extend it as a courtesy only, without guarantee.

39. **⚖Governing Law & Severability**
- These T&Cs are governed by Québec law, including the Consumer Protection Act. If any clause is held invalid or unenforceable, the remaining provisions stay in effect.
